

CLINICAL SESSIONS

**IMPLANT SURGICAL
PROGRAM**

S1

SESSION 1

EXTRACTION, RIDGE PRESERVATION AND SINGLE IMPLANT PLACEMENT

DAY 1

3:00-6:00PM_Hands-on Extraction & socket grafting.

During the Hands-on Socket Grafting session, participants will engage in practical exercises to master various clinical scenarios associated with socket grafting.

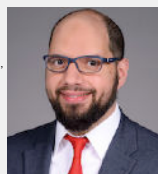

Attendees will be provided the opportunity to work with diverse grafting materials and techniques, allowing them to gain valuable experience and confidence in managing a range of clinical cases. The session aims to equip dental professionals with the skills and knowledge necessary for successful socket grafting.
